PROFESSIONAL SUMMARY

Innovative and result-oriented **Java Full Stack Developer** with 3+ years of experience designing and developing **enterprise-grade web applications/ web services** and **Rest API's**. Proficient in **Java, Spring Boot, Angular**, and **RESTful API** and back end / frontend development, **MySQL**. Adept at translating business requirements into scalable, high-quality solutions while following **Agile** methodologies. Strong understanding of **object-oriented and functional programming**, and **design patterns**.

TECHNICAL SKILLS

Languages: Java, JavaScript, TypeScript

Frameworks: Spring Boot, Spring MVC, Hibernate / JPA, Angular 6+, NodeJS , React

Cloud: AWS (EC2)

Web Technologies: RESTful APIs, JSON, HTML, CSS, XML, AJAX

databases : MySQL, MongoDB,SQL

Tools & Servers: Git, Bitbucket,Maven, Jira, Gradle, Eclipse IDE, Visual Studio

Concepts: Microservices Architecture, Design Patterns, Object-Oriented Design, software development life cycle (SDLC), Agile/Scrum.

PROFESSIONAL EXPERIENCE

Java Full Stack Developer

Apr 2023 – Present

Vshoppie Online Services Pvt. Ltd., Pune, India

- Owned and delivered end-to-end development of stories using **Spring Boot, Angular**, and **AWS (S3)** in Agile sprints.
- Maintained backend systems using Spring Boot, Hibernate, and REST APIs.
- Deployed and monitored services on **AWS**, leveraging Lambda for serverless logic and S3 for storage.
- Built reusable Angular components with performance-optimized data binding and REST integration.
- Designed and implemented RESTful APIs and backend logic.
- Key Projects:**
 - Insurance CRM Application* – Architected policy and customer management services using **Spring Boot, Angular, MySQL**. Implemented CI/CD pipelines for reliable deployments.
 - Reflector Platform* – Engineered middleware connecting IoT **Edge Hub** and **Shadow Hub** devices via secure APIs, ensuring scalable and reliable communication across distributed systems.

Web Application Developer Intern

Jan 2022 – Jun 2022

Vshoppie Online Services Pvt. Ltd., Pune, India

- Developed full-stack applications using **Vue.js, NodeJS** , and **SQLite** for network configuration management.
- Integrated REST and MQTT APIs for real-time IoT device control and monitoring.
- Applied **MVC architecture** and implemented reusable UI components improving maintainability.
- Contributed to system performance and reliability improvements across 500+ active devices.

EDUCATION

B.E. – Electronics and Telecommunication Engineering

2019 – 2023

NDMVP's KBT College of Engineering, Nashik | CGPA: 8.1/10
